Notice Period: Immediate Joiner

Professional Summary:

Frontend Angular Developer with **2.9 years of experience** building scalable, high-performance web applications using **Angular (v20+), TypeScript, RxJS, and REST APIs**. Strong expertise in **component-based architecture, state management, and performance optimization**. Experienced in delivering responsive, user-centric applications in Agile environments with a focus on clean, maintainable code and modern development practices.

Technical Skills:

Frontend	: HTML5, CSS3, JavaScript (ES6+), TypeScript, Angular (v20+)
CSS Frameworks	: Bootstrap, Tailwind CSS, Angular Material
Tools & Platforms	: Git, GitHub, VS Code, Postman, Swagger
AI & Developer Tools	: GitHub Copilot, Claude Sonnet, ChatGPT, AI-assisted development
Other	: RxJS, REST API Integration, JSON, MVC Architecture, Responsive Design

Professional Experience:

Frontend Developer

Miles Education | June 2023 – Sep 2025

- Built scalable Angular applications used by thousands of users in the educational technology industry.
- Created reusable UI components that decreased code duplication by 30%.
- Integrated RESTful APIs using Angular HttpClient with HTTP methods (GET, POST, PUT, DELETE)
- Optimized lazy loading and change detection processes to improve application speed by 20%.
- Developed a responsive, mobile-first design using Angular Material and Bootstrap frameworks.
- Decreased the number of unnecessary API requests through efficient state management and caching techniques.
- Worked with backend developers, quality assurance engineers, and designers in Agile development cycles to build fully functional application components.
- Executed debugging, code review, and unit testing using Jasmine and Karma testing frameworks.

Frontend Developer Intern

AR Technology | Sep 2022 – Apr 2023

- Designed responsive user interface elements with Angular, HTML, CSS, and JavaScript.
- Collaborated on the integration of APIs and the management of HTTP requests with Angular services.
- Resolved any UI issues to enhance user experience.
- Obtained practical skills for using Git for version control and Agile practices.

Project Profile:

CPA Miles Education

 <https://cpa.mileseducation.com/>

Role: Frontend Developer

- Developed dynamic dashboards, course modules, and user interfaces using Angular.
- Integrated APIs to display real-time course content, progress tracking, and user data.
- Built responsive and reusable UI components ensuring cross-device compatibility.

CMA Miles Education

 <https://cma.mileseducation.com/>

Role: Frontend Developer

- Created dynamic dashboards and course modules utilizing Angular and RxJS.
- Connected to APIs to enable real-time monitoring and visualization of user data.
- Used lazy loading and reusable components to enhance application efficiency and scalability.
- Guaranteed responsiveness with the use of Angular Material and Bootstrap frameworks.

Education:

- **B.Tech** from **DVR & DR.HS MIC COLLEGE OF TECHNOLOGY** with **7.15CGPA** in 2022.
- Diploma from **Bapatla Engineering College, Bapatla** with **73%** in 2019

Declaration:

I hereby declare that all the information provided above is true to the best of my knowledge.
